## Confirmation of Agency Reconciliation Web Site Overview

---

### Introduction

DOA has developed a web-based system that provides agencies the ability to submit certification to DOA, on a monthly basis, that they have reconciled their internal accounting records to CARS, the official accounting record of the Commonwealth.

Along with the Confirmation, agencies should also provide notification of any processing irregularities (exceptions) that will need to be corrected by DOA through the Exception Register process. Agency fiscal officers may access the **Confirmation of Agency Reconciliation to CARS Reports (Exception Register)** at <http://confirmation.doa.virginia.gov>.

This web site has been designed to be as user-friendly as possible and require little intervention from outside resources. However, DOA realizes that there may be functions that individuals may need assistance with and has developed this administrative manual to aid Fiscal Officers.
